

NeighborLink

GREATER PORTLAND

We are a Faith-based non-profit that maximizes relationships & technology to bridge the gap between homes, cultures and communities for the good of Greater Portland by; inviting Greater Portland residents to serve the marginalized in their neighborhoods as neighbors, towns as communities and, cities as one people.

Our Hope is to facilitate neighborhood and community development through relationships, technology and, the efforts of volunteers in meeting the needs of the most vulnerable homeowners in the city.

How Does NeighborLink Work?

- We operate a web-based tool that works like an online bulletin board with a social network
- Project Sources - Social services, City of Portland, 211, N-profits, Neighborhood Assoc, etc.
- Project Selectors - Churches, Community groups, Neighborhoods, Schools, etc.
- We provide Missional strategies for Churches to connect to the needs of their community.
- Our desire is to eliminate the Barriers to service for those who need help and those looking to help.

The Bigger Picture

- We help amplify the voices of those in need to the broader community that's looking to help.
- Almost every person seeking assistance has been turned away by another organization.
- We are one of the easiest ways to find meaningful volunteer opportunities and make an immediate impact.
- NeighborLink represents a bridge between the Church of G.Portland and community needs.

How To Get Involved

- Register as a Volunteer or Coach.
- Review and select a project.
- Connect directly to the recipient and work out the details to complete the project.
- Organize your church, family, community, and/or neighborhood and begin meeting needs.

Stay Connected

- Join our E-Newsletter "The Link" by visiting our website & signing up.
- Connect with one or all of our social media pages:
