

Worship and Children's Pastor

Job Description

Solid Rock Community Church of West Unity, Ohio is looking for a person to give oversight and planning to our Musical Worship Ministry predominantly, and then secondarily, towards our Children's Ministry. We currently have volunteers that do an excellent job of organizing and serving in both of these areas. We believe these individuals should remain serving as much as possible. So, the job we are seeking is to give strong leadership in order to help build these two areas of our Church into even more powerful ministries.

The Worship Pastor's role would include (in no particular order):

1. Give oversight, plan training, and develop volunteers for our sound and lighting ministry.
2. Plan and direct special programs.
3. Develop additional worship teams, including singers and musicians.
4. The need to be musically gifted with one or more instruments.
5. Be the final authority and give oversight to all specials that are performed in the church.
6. Plan at least a yearly training session for all who are within the worship ministry.
7. Structure all practices on the calendar.
8. Help select and frequently lead all songs, understanding the direction the current Church leadership desires. This would include both contemporary and traditional music. Currently, Solid Rock has five to six songs a week within one service.
9. Come along side of our present Youth Pastor in developing and training a Youth Worship Team.

The Children's Pastor's role would include (in no particular order)

1. Meeting regularly with the current leaders of Children's Sunday school, Nursery, AWANA, Children's Church, and the VBS director.
2. Order materials or find materials for each of these groups as the need arises.
3. Communicate the need for, encourage, and train new

workers for these areas. 4. Fill in for a short time for these ministries if needed. 5. Give oversight to registration of children and work closely with the Church Administrator in the vetting of all Children's workers. 6. Facilitate at least one major Children's program yearly as well as organize various outreaches to the community children (like a Harvest Party celebration in October). 7. Structure all Children's ministries on the calendar.

Clearly, administration needs to be one of your predominant gifts – with musical talents not far behind. Solid Rock is a part of the Fellowship of Evangelical Churches (FEC) – a small denomination with its home base in Ft. Wayne, Indiana. Our Church is located in a tiny town (West Unity, Ohio) far up in the northwest corner of the state. Our current congregation is slowly growing with around 230 on an average Sunday morning. Experience is a plus and would be considered when discussing salary. A related Christian degree would be helpful but not vital.

Pay for a first-time person with no experience would most likely be in the \$35,000 to \$37,000 a year level, with about \$9,300 more given to be used for health insurance. We would NOT provide or buy the insurance but rather help augment some of the cost. A matching retirement package is offered by the denomination once you are licensed by them. Paid vacation time and sick days would be worked out.

If you are interested in this job please send a resume' to Pastor Randy Evers – randy@solidrockcc.com – or feel free to call and ask questions at 419-924-2882 – Mondays through Thursdays. Our hope would be that this job could begin the summer of 2018. Housing is difficult to find if renting, but not impossible. Some moving costs could be helped with – depending upon the situation.
